Kensington®

Products & Solutions

2021 Catalogue

Quality

With 40 years of experience in engineering high-volume IT-related products and accessories, Kensington's rigorous quality control means all products are tested above industry standards.

Support

Kensington's clients are based around the world and include organisations large and small. Every customer is treated as a top-tier professional, no exceptions.

Design

Through meticulous research, design and engineering, Kensington's award-winning solutions meet the ever-changing performance and compatibility needs of the peak professional.

Trusted for 40 years, Kensington's reputation for excellence hinges on our willingness to anticipate the changing needs of today's and tomorrow's ever-evolving workplace.

Kensington®

Kensington The Professionals' Choice™

Sustainability

Reducing our Environmental Impact

We want our planet - and the one we leave for future generations - to be as free from waste and environmental damage as possible. We asked ourselves what we can do to help. How can we reduce our global environmental impact?

Room to Grow

Exciting innovations in recent years include the use of mushroom, bamboo, soy and corn-based materials. Kensington are exploring every sustainable packaging option currently available to us, so that we can do our part to help leave a verdant, healthy planet for future generations.

Blistering Impact on the Environment

Every year, packaging alone accounts for tons of non-recyclable waste because the plastic and other materials are not fully recyclable. By switching to earth-friendly plant-based recyclable packaging across our entire product line, we'll help reduce this waste.

Follow our Sustainability Efforts

Join us as we work to achieve our goal of 99% recyclable packaging across our entire product line by the end of 2021. And stay tuned, we plan to expand our sustainability focus beyond packaging to the products themselves.

Thinking Outside the Box

We set out to find a way to package our products more sustainably, while keeping them protected during shipping. We want to make the shipping itself more sustainable using lighter, yet strong materials for greater efficiency.

New Eco-Friendly Packaging

For our business customers, our brown box approach keeps packaging clean, simple, and easy to break down. Redesigned retail packaging is easy to read, open and recycle.

99% recyclable package
(we're working hard to get to 100%)

Forest Stewardship Council™ (FSC) certified packaging

Water-based varnish, plant-based soy ink and matte oils

Chlorine-free paper

Wherever You Work, Work Like A Pro

Work Is No Longer A Place You Go - It's What You Do

There has been a fundamental shift in how and where we work. For many employees, a full desktop set-up in an office environment may no longer be the norm. Work is more likely to be Office, Home or Mobile-based, or a combination of all three.

At Kensington, we identify areas where the modern work experience needs to be better and craft professional-tier product solutions for individuals to perform at their peak.

Our ranges of Data Security, Productivity and Wellbeing solutions enable users to get the very best from their laptop set-up, no matter where they are working.

- Compatible with iMac® models 2010 and later including iMac® Pro
- Register & Retrieve™ program
Kensington®

Laptop Locking Stations

reddot design award winner 2018

Laptop Locking Station with K-Fob™ Smart Lock

K66635EU | K66636M | K66230EU

- Single-user version (**K66635EU**), single-user with admin control for fixed desk users (**K66636M**) and multi-user access with admin control for shared workspaces (**K66230EU**)
- Secures MacBooks, Surface™ Laptop, Surface Laptop™ Go and other ultra-thin laptops without a security slot including 16" MacBook Pro
- K-Fob™ Smart Lock technology combines encrypted security with the simplicity of keyless locking
- Provides unobstructed access to laptop's side ports
- Non-invasive locking requires no laptop modifications
- Adjustable security arms accommodate 11-15.6" laptops and easily adjust without tools

Laptop Locking Station 2.0

K64453WW | K64451WW

- Available with (**K64453WW**) or without (**K64451WW**) MicroSaver® 2.0 Keyed Laptop Lock
- Secures MacBooks, Surface™ Laptop, Surface Laptop™ Go and other ultra-thin laptops without a security slot including 16" MacBook Pro
- Sleek, brushed aluminium design provides a non-invasive locking solution with side port access
- Adjustable security arms accommodate ultra-thin laptops from 11"-15.6" screen size
- Locking station can then be anchored to a fixed object using locking cable, securing the device

Register & Retrieve™

www.kensington.com/register&retrieve

The industry-leading Register & Retrieve™ Lock Management Portal is a smart cloud-based platform for the management of all Kensington locks, combination codes & fobs.

IT
- Register locks individually or to groups
- Manage Master, Like or Single keyed programs
- Create user accounts so users can order replacement keys and save combination codes
- Record lock ownership and download reports
- Find owners of lost keys
- Reassign locks to new users

Users
- Order replacement keys
- Retrieve & store combination codes

Custom Keyed Solutions

Kensington recognises that different businesses and organisations operate in different ways. We offer Custom Keying Solutions that allow users to select the ideal level of IT administrator control over their equipment, whilst helping employees safeguard against theft and avoid downtime due to misplaced keys.

Master Keyed
Admin Access with User Keys

The Kensington Master Keyed locking system gives IT administrators universal access to unlock any piece of equipment with a master key while allowing employees to carry their own individual locks and keys. This gives employees the power to protect their laptops with personal locks that can be used anywhere in the office or on the go.

Advantage:
On-site IT control with individual user keys

Industries: Healthcare, education, corporate and government offices

Ideal for: Upgrades, relocation, replacement or misplaced/lost keys - IT managers can use the Master Key to lock down a device when left unlocked to improve user compliance

Single Keyed
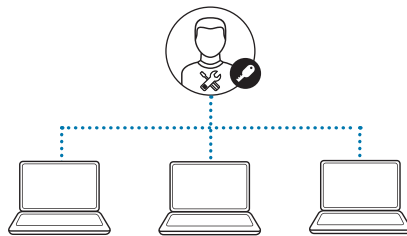

Admin-Only Access

Implement high-level, convenient on-site security by physically securing company equipment using identical locks with keys that are restricted to IT staff. One master key opens them all, giving the IT manager ultimate control and access.

Advantage:
Strictest IT control for administrator-only access

Industries:
Healthcare, education, government

Ideal for: Locking down crucial infrastructure such as desktops, monitors, projectors, printers, servers and network equipment knowing access is as limited as possible

Like Keyed
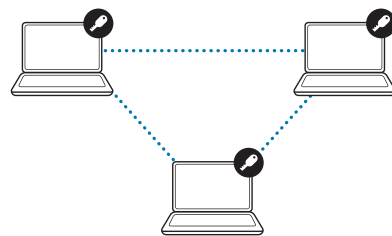

Each Key Opens Every Lock

Provide wider flexibility and freedom to access equipment by offering a department, office or lab identical shared keys. This solution offers a solid layer of security against non-employee theft without restricting employee access and productivity, making efficient use of department budgets.

Advantage:
Sharing control with every key opening each lock

Industries: Police departments, libraries, displays and point of sale units in retail outlets

Ideal for: Specialised environments where employees can check out shared laptops, tablets, projectors and other shared hardware
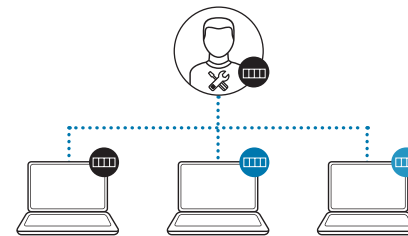

Master Coded

Admin Access with User Combination

Combination locks are ideal for field based staff or remote locations where keyed locks aren't practical. ClickSafe® Master Coded Locks allow users to set their own unique combination code. Administrators can overcome the users code using a ClickSafe® ComboGenie (see page 17).

Advantage: On-site IT control with individual user combinations

Industries: Healthcare, education, corporate and government offices

Ideal for: Upgrades, relocation, replacement or misplaced/lost keys - IT managers can use the ComboGenie to lock down a device when left unlocked to improve user compliance
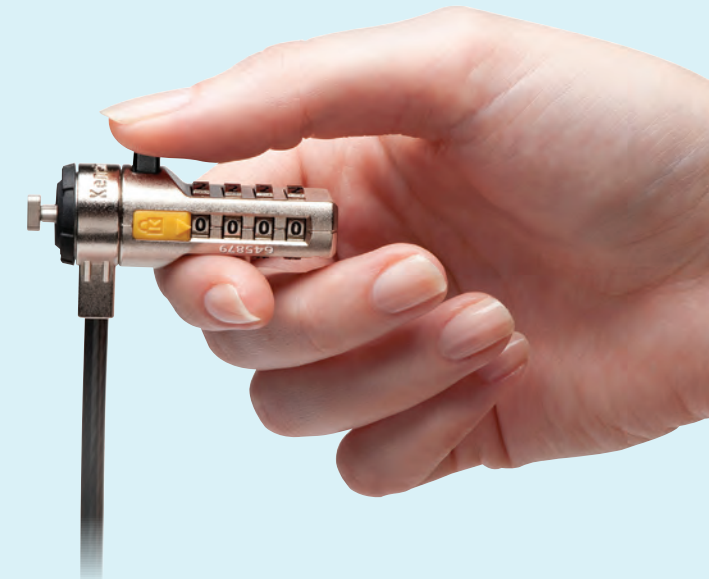

Serialised Combination Locks

A more convenient solution for large lock deployments

Each Serialised Combination Lock is supplied with a serial number etched on to the lock head, together with a pre-set combination code shown on the sticker.

Kensington's cloud-based Register & Retrieve™ service allows the IT manager to allocate each lock to a user, together with its combination code. Each pack of 25 locks is supplied with a sheet to make user allocation easy.

Codes can be retrieved at any time, making it ideal for lost combinations or when an employee leaves the organisation.

When Time is of the Essence, think Fast... Track

At Kensington, we appreciate that more and more IT roll outs are required at short notice - if you require a Custom Keyed solution, this can add more pressure to an already tight schedule.

To address this, Kensington have created **FastTrack** - a concise range of our most popular, high-demand Custom Keyed solutions. Available in packs of 25 locks, each product is held in stock, improving our lead times to you and supporting end user roll-out schedules.

To learn more about the FastTrack range email: **contact@kensington.com**

Security Solutions

VeriMark™ Fingerprint Key

K67977WW

• Scalable, out-of-the-box access for Windows computers and platforms, including biometric login for Windows Hello™

• Superior biometric performance and readability, exceeding industry standards for False Rejection Rate (3%) and False Acceptance Rate (0.002%)

• FIDO U2F Certified to ensure seamless interoperability with services including Google, Dropbox, GitHub and Facebook

• Password manager supports popular tools, like Dashlane, LastPass (Premium), Keeper (Premium) and Roboform

Designed for
Microsoft Surface

VeriMark™ Fingerprint Key - Designed for Surface

K64707EU

• Exclusively Designed for Surface

• Scalable, out-of-the-box access for Windows computers and platforms, including biometric login for Windows Hello™

• Superior biometric performance and readability, exceeding industry standards for False Rejection Rate (3%) and False Acceptance Rate (0.002%)

• FIDO U2F Certified to ensure seamless interoperability with services including Google, Dropbox, GitHub and Facebook

• Password manager supports popular tools, like Dashlane, LastPass (Premium), Keeper (Premium) and Roboform

VeriMark™ IT Fingerprint Key

K64704EU

• Ideal for enterprise deployment and easily integrated into current IT infrastructure

• FIDO2/Web Authn Compatible authenticates without storing passwords on servers providing greater security

• Support for Windows Hello™ and Windows Hello for Business™

• Fingerprint data is secured in the sensor, so only an encrypted match result is transferred

• Durable zinc alloy body with LED accepted/rejected indicator and flared tail for easy grip

• Secures fingerprint data it collects and supports a company's cybersecurity measures

VeriMark™ Guard USB Fingerprint Keys

K64708WW - USB-A | K64709WW - USB-C®

• Cross-platform compatibility with support for Windows, Chrome, macOS and iOS

• Browser support includes Chrome, Edge, Firefox and Safari

• FIDO2 and FIDO U2F certified for expanded authentication options, including strong single-factor (passwordless), dual, multi-factor and tap-and-go authentication

• Encrypted end-to-end security with Match-in-Sensor™ Fingerprint Technology

• Exceeds industry standards for false rejection rate (FRR 2%) and false acceptance rate (FAR 0.001%)

• Supports up to 10 fingerprints

• Durable zinc alloy body includes protective cover with keyring hole (K64708WW) or tether (K64709WW)

VeriMark™ Desktop Fingerprint Key

K62330WW

• FIDO U2F certified and FIDO2 WebAuthn compatible for expanded authentication options including strong single-factor (passwordless), dual, multi-factor & Tap-and-Go authentication across major browsers

• Windows Hello™ and Windows Hello for Business™ certified

• Encrypted end-to-end security with Match-in-Sensor™ Fingerprint Technology

• 1.2m USB cable provides the flexibility to be placed virtually anywhere on or near the desktop

• 360° readability with anti-spoofing technology

• Exceeds industry standards for false rejection rate (FRR 2%) and false acceptance rate (FAR 0.001%)

• Supports up to 10 fingerprints

AC32 32-Bay Security Charging Cabinet

K62327EU (EU Power Supply) | K62327UK (UK Power Supply)

• Neatly and easily charges, transports, locks and stores up to 32 devices (up to 15.6" each)
• Lockable front and rear doors allow you to secure the devices inside (padlocks not included)
• Built-in dividers and cable management organises devices & cables and keeps bulky adapters out of the way
• Five-inch removable non-marking locking casters allow for easy movement over rough and uneven surfaces
• Smart charging technology automatically prioritises power to the devices that need it most, for faster and more efficient charging
• Push handle makes transport simple
• Outer dims. 808 x 589 x 940mm (with handle), slot compartment dims. 33.8 x 325 x 389mm

AC12 Security Charging Cabinet

K64415EU (EU Power Supply) | K64415UK (UK Power Supply)

• Holds up to 12 devices for secure charging
• Compatible with all AC charging devices
• Fits devices up to 14", including Chromebook™, Surface™/Surface™ Pro, MacBook Air®, iPad®, Galaxy® Tab and laptops
• Lockable door with two keys included
• Locking foot pedals on two front wheels ensure cabinet won't roll out of position
• AC power strip accommodates each device's own power cord
• Outer dims. 420 x 590 x 715mm, charging bays dims. 354 x 45 x 254mm

Charge and Sync Cabinet - Universal

K67862EU

• Holds up to 10 tablets for secured storage, charging and syncing
• Stack up to three cabinets and sync up to 30 tablets with a separate USB hub (USB cable included)
• Can hold iPads®, Galaxy® Tabs, Kindles and other iOS and Android devices
• Adjustable shelves allow for tablets in their protective rugged cases
• Built-in cooling fan to avoid overheating charging tablets
• Outer dims. 430 x 400 x 350mm, charging bays 258 x 44 x 379mm
• Add functionality with wall mount and trolley (see below)

Charge & Sync Cabinet Wall Mount Bracket

K64428WW

• One-piece design hangs the cabinet to create more usable desk or floor space
• Sturdy steel frame safely and securely mounts cabinet to stud-ready wall
• Quick and simple installation includes mounting template

Charge & Sync Cabinet Secure Trolley

K67909WW

• Locking pedals on two front wheels ensures trolley won't roll out of position
• Mounting platform allows securing of Charge & Sync cabinet (K67862EU) directly to trolley
• Two cabinets can be stacked allowing up to 20 devices to be moved at a time

Kensington®

Lock and Dock

For the Apple iPad® Pro and dedicated solutions for the Microsoft Surface™ Pro and Surface™ Go, Kensington's Lock and Dock range represents the next generation of device security and connectivity.

Kensington® StudioDock™

(NEW)

For iPad Pro 11"/iPad Air (K34031WW)
For iPad Pro 12.9" (K34030WW)

CONNECT.
CHARGE. CREATE.

CREATIVE POSSIBILITIES

Magnetically attach and detach your USB-C iPad Pro 11", iPad Air, or iPad Pro 12.9" to the elegantly designed StudioDock™ in portrait or landscape mode. No drivers required.

## APPLE ECOSYSTEM CHARGING

Four-in-one charging includes Qi wireless iPhone and AirPod charging, as well as optional charging for Apple Watch (K34032WW sold separately - coming mid-2021) and the iPad itself.

ROOM FOR EXPANSION

Connect all your devices with four USB ports, one 3.5mm audio jack, and a Gigabit Ethernet jack.

SD7000 Surface™ Pro Docking Station

K62917EU

The SD7000 delivers the ultimate Surface™ experience. Built on Microsoft's proprietary Surface Connect technology, the SD7000 is a powerful docking station allowing users to connect to two external monitors, USB peripherals and a wired network, whilst keeping their Surface™ Pro powered.
Compatible with Surface™ Pro 7, 6, 5 (2017) and 4

• 4K @ 30Hz video output to dual monitors or 4K @ 60Hz video output to single monitor via DisplayPort++ and HDMI

• 4 x USB 3.0 ports (up to 5Gbps, 5V/0.9A), 1 x USB-C® port for data synchronisation (up to 5Gbps data only, 5V/3A)

• Magnetic connection for Surface Pen

• Optional locking kit secures the Surface Pro to deter theft (keyed different - K62918EU / master keyed - K63251M)

• Gigabit Ethernet Port provides 1Gbps wired networking connection

Optional SD7000/SD6000 Locking Kit
Keyed Different - K62918EU
Master Keyed - K63251M

Combo 3.5mm Audio In/Out   USB-C®   Gigabit Ethernet   4 x USB 3.0   DisplayPort++   HDMI   Kensington Security Slot™

Microsoft Surface
SD6000 Surface™ Go Docking Station

K38700EU

Enhance the Surface™ Go user experience with the game-changing SD6000 Surface Go Docking Station. The first all-in-one docking solution exclusively Designed for Surface Go, the SD6000 provides a perfect blend of productivity, creativity and security. Ideal for point-of-sale locations and education environments.
Compatible with Surface Go and Surface Go 2

• Built on Microsoft's proprietary Surface Connect technology, users can connect with confidence for a seamless dock and charge experience

• Secure the Surface Go and dock with the optional locking module and choose between Kensington's trusted standard (K62918EU) or custom (K63251M) keying solutions

• 4 x USB 3.0 ports (5V/0.9A), 1 x USB-C® port for data synchronisation (5V/3A), 1 x 3.5mm combo audio jack and 1 x Gigabit Ethernet port

• Easily connect to external monitors, TVs or projectors via HDMI or DisplayPort (Single 4K @ 60Hz; Dual 4K @ 30Hz)

• Thoughtful design elements, including Enhanced Air Flow, Heat Dissipation and Integrated Cradle Pin extend the life of the investment

• Leverage the hinged design to angle the Surface Go in the perfect position, use the integrated Surface Pen magnet and easily incorporate a Kensington Privacy Screen Filter - see page 36) for visual security

• Kensington DockWorks™ compatible

Kensington Nano and Standard Security Slots   Combo 3.5mm Audio In/Out   USB-C®   4 x USB 3.0   Gigabit Ethernet   DisplayPort++   HDMI

Connectivity Solutions

Connectivity Solutions

SD4850P USB-C® Dual Video Driverless Docking Station
K34115EU

- Supports dual or triple video output - dynamic 4K switch toggles between and prioritising video output resolution or USB/Ethernet/ SD Card speeds
- 1 x USB-C DP Alt Mode, 2 x DP v1.4 video ports and 1 x HDMI v2.0
- USB-C - data transfer speeds up to 10Gbps with 100W Power Delivery for compatible devices
- 2 x USB-C, 5 x USB 3.0 ports and UHS II SD 4.0 memory card reader
- 1 x Gigabit Ethernet port
- Push button on/off switch to power dock on/off
- Compatible with mounts K34050WW & K33959WW
- Compatible with Windows® 7 or later

SD4800P USB-C® Scalable Video Docking Station
K38249EU

- Supports dual or triple video output - 2K for dual monitors or 1600 x 900 for triple monitors via 2 x DP++ ports and 1 x HDMI port (DP v1.3)
- USB-C - data transfer speeds up to 10Gbps with 60W Power Delivery
- 1 x USB-C and 5 x USB 3.0 ports
- 1 x Gigabit Ethernet port
- Push button on/off switch to power dock on/off
- Compatible with mounts K34050WW & K33959WW
- Compatible with Windows® 7 or later

SD1600P USB-C® Mobile Dock with Power Pass Through
K33968EU

- USB-C pass-through power using laptop's power adapter to charge laptop and/or connected devices
- 4K @ 30Hz via HDMI or Full HD via VGA
- 1 x USB-C port, 2 x USB 3.0 (5Gbps) ports and 1 x Gigabit Ethernet port
- 20.5cm hideaway USB-C cable
- Compatible with Windows® 7 or later, macOS® 10.13 or later, Chrome OS™ 44 or above

SD4780P USB-C® and USB 3.0 Dual 4K Docking Station with 100W Power Delivery
K33620EU

- Dual 4K video output via 2 x DisplayPort 1.2++ or 2 x HDMI ports
- Connects to any USB-C or USB 3.0 laptop via included USB-C cable with tethered adapter
- 100W USB-C Power Delivery (60W via USB 3.0 using K38310EU splitter)
- 4 x USB 3.0 ports (rear)
- Front USB 3.0 and USB-C ports support data and smartphone charging
- Gigabit Ethernet port for wired connectivity
- Push button on/off switch to power dock on/off
- Compatible with Windows® 10, 8.1, 7 and macOS® 10.15+ and Chrome OS 44+

SD4700P USB-C® and USB 3.0 Dual 2K Docking Station with 60W Power Delivery
K38240EU

- Dual 2K video output via 1 x DisplayPort++ and 1 x HDMI port
- Connects to any USB-C or USB 3.0 laptop via included USB-C cable with tethered adapter
- 60W USB-C Power Delivery (60W via USB 3.0 using K38310EU splitter)
- 4 x USB 3.0 ports (rear)
- Front USB 3.0 and USB-C ports support data and smartphone charging
- Gigabit Ethernet port for wired connectivity
- Compatible with Windows® 10, 8.1, 7 and macOS® 10.13

60W Power Splitter for SD4780P and SD4700P Docks
K38310EU

- Uses 60W power supply from SD4780P/ SD4700P docks to charge USB 3.0 enabled laptops with 20V power inputs (20V/60W)
- 8 power tip adapters for a wide variety of laptop manufacturers
- 1m laptop cable and 0.5m power plug cable

Kensington®

Control Solutions

Kensington presenters, trackballs, mice and keyboards are made with comfort, efficiency and productivity in mind, all of which add up to a work environment that's simply better.

Kensington®

Control Solutions

PowerPointer Presentation Remote

K75241EU

• Uses presenter features already built into PowerPoint such as a digital laser and pen
• Virtual laser pointer and pen can be seen on any display, even via web conferencing
• Intuitive controls include a larger concave forward button and smaller convex back button
• No software required thanks to USB 3.0/2.0 plug-and-play simplicity
• 128-bit AES encryption provides a secure wireless connection
• Compatible with PowerPoint® 2010 or later on Windows® and PowerPoint® version 16.09 or later on macOS®

Ultimate Presenter™ with Virtual Pointer

K75233EU

reddot award
product design

• Virtual pointer technology allows the pointer to be viewed on traditional screens, bright LED displays and smart boards
• Online meeting compatibility enables remote viewers to see pointer by using tools such as WebEx, Skype, JoinMe etc.
• KensingtonWorks™ Software enables customisation of presenter buttons, pointer size, shape and speed
• 128-bit AES encryption provides a secure wireless connection
• Compatible with Windows® 10, 8.1, 8, 7 and macOS® 10.10 or later

Presenter Expert™ Green Laser with Cursor Control

K72427EU | K72426EU

With 8Gb Micro SD card - K72427EU
Without memory - K72426EU

• Switchable presentation and mouse modes
• Green laser pointer is 10x brighter than standard red pointers
• Intuitive forward, back and blackout screen controls
• Wireless range up to 45m
• Controls PowerPoint® and Keynote®
• 128-bit AES encryption provides a secure wireless connection
• Compatible with Windows® 10, 8.1, 8, 7 and macOS® 10.11 or later

Kensington®

Presenter Expert™ Red Laser with Cursor Control

K72425EU

• Switchable presentation and mouse modes
• Intuitive red laser, forward, back and blackout screen controls
• Wireless range up to 45m
• Controls PowerPoint® & Keynote®
• 128-bit AES encryption provides a secure wireless connection
• Compatible with Windows® 10, 8.1, 8, 7 and macOS® 10.11 or later

Wireless Presenter with/without Red Laser

33374EU | K33373EU

With Red Laser - 33374EU
Laserless - K33373EU

• Intuitive forward, back and blackout screen controls
• 2.4GHz wireless USB receiver, prevents interference and stores inside presenter
• 128-bit AES encryption provides a secure wireless connection
• Compatible with Windows® 10, 8.1, 8, 7 and macOS®

KensingtonWorks™

www.kensington.com/kensingtonworks

KensingtonWorks™ allows users to unlock powerful personalisation features that enhance productivity and increase workflow efficiencies.

1

A single integrated application that works together with Kensington trackballs, mice and presenters, including update reminders and a connection tutor for simple device set-up.

A modern and user-friendly interface that allows buttons to be customised, modify point settings and tailor the device functionality in minutes.

Protect and save personalised settings to OneDrive using the Bind-to-Cloud feature for retrieval at any time.

Increased user productivity through personalising each device to suit their workflow, preferences and how they like to work.

Kensington®

Health and Wellbeing

Working should feel like living. Kensington Health & Wellbeing products help to improve your comfort in the workplace. Easy to set up, each solution is designed to keep you healthy and productive.

Kensington®

Fit for Work
Fit for Life™

Foot　　　**Wrist**　　　**Neck**　　　**Back**

Organisations depend on their people - and smart organisations keep them at their best. The Kensington Wellbeing Range is designed to provide a solution for all areas of the body. Our unique SmartFit® System means that the best option is now the easiest one. Simple sizing and smooth adjustment means you always get the right solution for your entire team.

SmartFit®

Every SmartFit® product features a colour-coded adjustment for optimal fit. Using the included chart, measure your hand and determine your SmartFit® comfort colour. Then simply adjust the SmartFit® product to match.

Kensington®

Proud Member of FIRA

About the Furniture Industry Research Association

The Research Association is the centre of technical knowledge for the furniture industry, providing invaluable technical support to the entire furniture supply chain.

About FIRA International

FIRA International (part of the Element Group) specialise in providing a comprehensive range of independent testing, certification and consultancy services to the furniture industry.

FIRA ergonomists work with companies to assess a product's suitability for use and evaluate its ergonomic properties to ensure it is fit-for-purpose and complies with British and European Standards.

This logo signifies that the product it appears against complies with European and International ergonomics standard for VDU workstations: EN ISO 9241-5: Ergonomic requirements for office work with visual display terminals (VDT's): part 5: 1999, workstation layout and postural requirements.

Kensington are proud to work with FIRA to ensure that our products exceed the minimum requirements of the relevant standards

Anti-Glare and Blue Light Reduction Filters

Kensington's Anti-Glare and Blue Light Reduction Filters are ideal for working and learning from home, where rooms do not always have ideal lighting for working in front of a computer.

Reduces Glare
Anti-glare coating (matte side only) reduces reflections and improves viewing clarity.

Reduces Harmful Blue Light
Eliminates blue light by up to 43%, easing eye strain and reducing the chances of interrupted sleep.
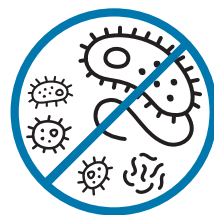

Antimicrobial Coating
Inhibits bacteria growth by up to 99%.*

(* Matte side only - tested to JIS Z 2801 : 2010E for Escherichia coli and Staphylococcus aureu.)

Seamless Attachment
Makes installation and removal quick and easy.

Touch and Pen Enabled
Allows you to use your device just as you would without a filter.

Cleaning Cloth Included
Helps keep your screen dust, lint and smudge-free.

KGuard™ Monitor Mounted Desk Screen

627506

- Clear acrylic sneeze guard fits behind an existing monitor & mount/arm to enhance Coronavirus protection and social distancing
- Unlike traditional office desk partitions and furniture, takes up no desk space and moves with the monitor arm
- Three height adjustment settings to accommodate different sized monitors and provide optimal protection
- KGuard™ surface can be used as a whiteboard
- Cut-outs provide effective access for monitor cables whilst not compromising protection
- Clear acrylic screen is 100% recyclable
- Compatible with VESA® 75/100 monitors up to 32"

SmartFit® One-Touch Monitor Arms

K55470EU/K55471EU (Grey) | K59600WW/K59601WW (Black)

Single Grey - K55470EU   Dual Grey - K55471EU
Single Black - K59600WW   Dual Black - K59601WW

- SmartFit® System simplifies ideal ergonomic height positioning using scientifically proven research - see page 110
- Built-in gas spring simplifies height adjustment
- 180° swivel and 180° monitor rotation, ±90° monitor tilt adjustment
- Monitor can be moved up (179-505mm), down, forward and back for full motion articulation
- Quick release detachable VESA® plate (VESA® 75/100) for flat or curved monitors 13-32", max. 9kg/20lbs per arm
- Cable management system
- Tested to meet ANSI/BIFMA performance and safety standards

Kensington®

SmartFit® Space-Saving Monitor Arms

K55512WW (Single) | K55513WW (Dual)

- SmartFit® System simplifies ideal ergonomic height positioning using scientifically proven research - see page 110
- Ideal for desks with a shallow depth
- Easy-grip knob allows simple height (239-470mm), tilt/swivel (±10°) and rotation (±180°) adjustment
- Pre-installed C-clamp makes installation simpler
- Includes optional grommet fastener and installation tools
- Quick release VESA® plate (VESA® 75/100) for flat or curved monitors up to 32", max. 8kg/17.6lbs per arm

SmartFit® Ergo Monitor Arms

K55411WW | K55408WW | K55409WW

K55411WW - Single
K55408WW - Single Extended
K55409WW - Dual Extended

- SmartFit® System simplifies ideal ergonomic height positioning using scientifically proven research - see page 110
- Pole height 443mm, 399mm arm extension (K55408WW/9WW)
- ±90° swivel and ±180° monitor rotation, ±45° monitor tilt adjustment
- Quick release VESA® plate (VESA® 75/100) for monitors up to 34" (32" K55409WW) , max. 8kg/17.6lbs per arm
- Cable management system keeps monitor cables organised for a tidier workspace
- C-clamp and grommet installation options included

Health & Wellbeing

Health & Wellbeing

SmartFit® Sit/Stand Desk
K52804WW

- SmartFit® System simplifies ideal ergonomic height positioning using scientifically proven research - see page 110
- Varying between sitting and standing burns calories, improves energy levels and promotes muscle activity
- Main desk surface (900 x 530mm) has room for dual monitors, documents and other desktop accessories
- Integrated keyboard and mouse deck
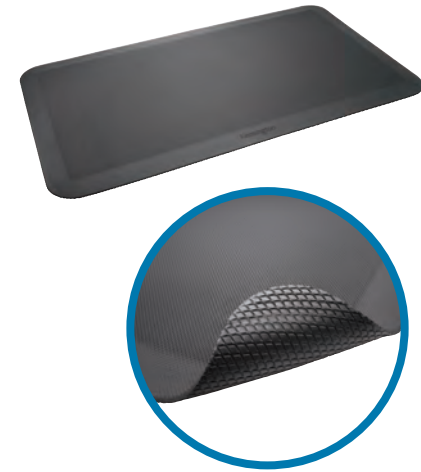

Anti-Fatigue Mat
K55401WW

- Ergonomically engineered to stimulate blood circulation and reduce fatigue on legs, back and feet
- Patented rubberised gel foam, easy-to-clean waterproof and oil-resistant surface
- Ideal for use with Sit/Stand Desk (K52804WW)
- NFSI Certified anti-slip surface
- ADA Compliant bevelled edge is trip-resistant and provides 20° angle for office chair to roll on
- Size: 900 x 500 x 17mm

CoolView™ Wellness Monitor Stand with Desk Fan
K55855EU

- Dual-fan airflow system provides a gentle airflow with two speeds, optimal indirect blowing angles and low noise (<37dBA)
- Portable fan can be removed and used as a standalone desk fan in other spaces
- Ergonomic design optimises comfort for the neck and shoulders
- Stylish and durable support for monitors and all-in-one PCs up to 27" (max. load: 90.7kg)
- USB powered fan easily connects to a USB port on a docking station, laptop, power bank or mobile USB power adapter

FreshView™ Wellness Monitor Stand with Air Purifier
K55460EU

- 3-in-1 air purification system is ozone-free and uses a pre-filter and a HEPA 11 filter to remove 95% of common pollutants
- Portable air purifier can be removed and used as a standalone unit
- Ergonomic design optimises comfort for the neck and shoulders
- Stylish and durable support for monitors and all-in-one PCs up to 27" (max. load: 90.7kg)
- USB powered purifier easily connects to a USB port on a docking station, laptop, power bank or mobile USB power adapter
- **Also available: FreshView™ Standalone Desktop Air Purifier (K55462EU) and Air Purifier Filter Replacement Kit (K55463EU)**

WarmView™ Wellness Monitor Stand with Ceramic Heater
K55464EU

- 250W ceramic heater can be removed and used as a standalone personal heater, providing fan-powered warmth for desk spaces up to 1.1m^3
- Ergonomic design optimises comfort for the neck and shoulders
- Stylish and durable support for monitors and all-in-one PCs up to 27" (max. load: 90.7kg)
- Certified 10-point safety system includes auto shut-off timer, overheat and overcurrent protection with thermal cut-off fuse
- **Also available: WarmView™ Standalone Desktop Heater (K55465EU)**

Extra Wide Monitor Stand

K55726EU

• Positions the monitor in-line with the user's eyes to promote healthy posture and optimises comfort for the eyes, neck and shoulders
• Extra wide universal platform design fits any monitor up to 32" and 20kg
• Extra wide design allows full-sized keyboard, laptop and accessories to be stored underneath
• Easy set-up, no additional tools needed

SmartFit® Monitor Stand with Drawer

K55725EU

• SmartFit® System simplifies ideal ergonomic height positioning using scientifically proven research - see page 110
• Positions the monitor in-line with the user's eyes to promote healthy posture and optimises comfort for the eyes, neck and shoulders
• Three height adjustment settings
• A4 sized drawer provides ample storage for desk accessories
• Wide universal platform design fits any monitor up to 30" and 15kg

SmartFit® Height Adjustable Monitor Stand Plus Wide

K52797WW

• SmartFit® System simplifies ideal ergonomic height positioning using scientifically proven research - see page 110
• Positions the monitor in-line with the user's eyes to promote healthy posture and optimises comfort for the eyes, neck and shoulders
• Wide universal platform design fits any monitor up to 27" and 18kg
• Store keyboard or laptop underneath

TESTED TO fira international EN ISO 9241-5

SmartFit® Height Adjustable Monitor Stand Plus

K52786WW (Black) | 60089 (Grey)

• SmartFit® System simplifies ideal ergonomic height positioning using scientifically proven research - see page 110

SmartFit® Conform Back Rest

K60412WW

- SmartFit® System simplifies ideal ergonomic height positioning using scientifically proven research - see page 110
- Height adjustable for customised lumbar support
- Independent springs conform to fit body shape and articulate with posture
- Ventilated supports keep the back cool and dry
- Easily removable fabric cover

Ergonomic Memory Foam Seat Cushion

K55805WW

- Ergonomic design promotes healthy posture, improves circulation and provides tailbone and lower back support
- Premium high density memory foam provides professional structural support that maintains shape use after use
- Anti-slip backing prevents sliding using high quality silicone friction grip
- Removable cover is easily detached for cleaning
- Carrying strap for transporting between home, office, car and events

Premium Cool-Gel Seat Rest

K55807WW

- Cooling fabric with cool-gel core provides a verified decrease in body temperature for maximum comfort during extended periods of sitting
- Ergonomic design promotes healthy posture, improves circulation and relieves spinal pressure using a unique U-shaped coccyx cut-out
- Premium honeycomb memory foam maintains shape use after use
- Anti-slip backing prevents sliding using a high quality silicone friction grip
- Carrying strap for transporting between home, office, car and events
